INDEX TO VOLUME 41

AUTHORS INDEX*

A

ABELLA, PABLO U., Treatment of acute infantile diarrhea with carob flour (Arobon), 182

ABELSON, SOL M. (WITH CONE, THOMAS E., JR.), Aplastic anemia following two days of chloramphenicol therapy, 340

ADAMS, FORREST H., AND CUNNINGHAM, SHIRLEY C., Further studies on the blood of children with cyanotic heart disease with special reference to the hemoglobin, 424

—, AND KATZ, BENJAMIN, Endocardial fibroelastosis, 141

—, GLICK, DAVID, ANDERSON, RAY C., AND DWAN, PAUL, Mucolytic enzyme systems. XVIII. Nonspecific hyaluronidase inhibitor concentrations in the blood serum of siblings and parents of children with rheumatic fever, 258

— (WITH GALLIGAN, JOHN J., AND JORGENS, JOSEPH), Congenital pulmonary stenosis without cyanosis, 562

— (WITH ORME, HARRY W.), The relationship of intracardiac pressures and electrocardiographic findings in cases of congenital heart disease, 53

ANDERSON, RAY C. (WITH ADAMS, FORREST H., GLICK, DAVID, AND DWAN, PAUL), Mucolytic enzyme systems. XVIII. Nonspecific hyaluronidase inhibitor concentrations in the blood serum of siblings and parents of children with rheumatic fever, 258

ANNUNZIATA, DAVID (WITH FELDMAN, FELIX), Staphylococcus aureus infections in the newborn infant, 399

APPLETON, FELIX G. (WITH LINE, FELIX G.), Listeria meningitis in a premature infant, 97

B

BAKER, HINTON J. (WITH GEPPERT, LEO J., COPPLE, BERNARD I., AND PULASKI, EDWIN J.), Pseudomonas infections in infants and children, 555

BARBA, WILLIAM P., II, Benign lymphoid hyperplasia of the rectum, 328

BAUMLER, ALVERNA (WITH RUBIN, MITCHELL I., RAPOPORT, MILTON, AND BRUCK, ERIKA), Renal function studies in acute glomerulonephritis in children, 823

BELL, DAVID F., JR. (WITH LEIKIN, SANFORD, RICE, E. CLARENCE, AND WATERS, RICHARD J.), The treatment of acute leukemia in children, 40

BERMAN, J. K. (WITH STADLER, HAROLD E., AND JOHNSON, THOMAS W.), Hygroma colli: a retropharyngeal tumor simulating an angiomatous growth, 100

BLACK, IRMA SIMONTON, Everyday problems of the preschool child, 233

BLANK, HARVEY (WITH SCOTT, T. F. MCNAIR, CORIELL, LEWIS, AND BURGOON, C. F.), Some comments on herpetic infection in children with special emphasis on unusual clinical manifestations, 835

BLATTNER, RUSSELL J., BCG vaccination, 244

—, Effect of cortisone on experimental poliomyelitis infection, 369

—, Immunity to smallpox, 499

—, Surgical treatment for mitral stenosis, 622

—, Tuberculosis, 117

BLOCH, HARRY, LIPPSETT, HERBERT, REDNER, BERNARD, AND HIRSCHL, DANIEL, Reduction of mortality in the premature nursery. II. Incidence and causes of prematurity: ethnic, socioeconomic and obstetric factors, 300

BODER, ELENA, Further studies in congenital cranial osteoporosis (craniotabes). II. Its relationship to cranial molding and duration of labor, 305

BOLLINGER, JOHN A., AND FAHEY, JOHN J., Snapping thumb in infants and children, 445

BOSMA, JAMES F. (WITH LUECK, WALLACE, AND GALLIGAN, JOHN), Persistent sequelae of bulbar poliomyelitis, 549

BROWN, CLARK E. (WITH LEE, HENRY F., WILSON, ROSS B., AND REED, THEODORE P.), Impetigo and acute infectious exfoliative dermatitis of the newborn infant (Ritter's disease), 159

*July, pp. 1-124; August, pp. 125-250; September, pp. 251-376; October, pp. 377-504; November, pp. 505-630; December, pp. 631-874.

BROWN, GEORGE (WITH KAHN, LAWRENCE, AND GOLDRING, DAVID), Wetzel grid analysis of rheumatic children, 47

BRUCK, ERIKA (WITH RUBIN, MITCHELL I., AND RAPOPORT, MILTON), Renal function studies in acute glomerulonephritis in children, 823

BUNDY, WALTER E., MCCUE, CAROLYN M., AND PORTER, RENO R., The control of rheumatic fever recurrences with sulfadiazine and Gantrisin, 320

BURGOON, C. F. (WITH SCOTT, T. F., MCNAIR, CORIELL, LEWIS, AND BLANK, HARVEY), Some comments on herpetic infection in children with special emphasis on unusual clinical manifestations, 835

C

CAMPBELL, CHARLES S., Juvenile cirrhosis of the liver, 582

CASON, LOUISE (WITH KRAMER, BENJAMIN, AND GOLDMAN, HERBERT), The treatment of the nonedematous nephrotic child with ACTH, 792

CASSELS, DONALD E. (WITH PREC, KLARA J.), Functional aspects of congenital defects affecting the left ventricle, 451

CAULFIELD, ERNEST, Infant feeding in colonial America, 673

CHAMBERS, WILLIAM R., Intraspinal tumors in children resembling anterior poliomyelitis, 288

CHU, MILDRED Y. F. (WITH GUILD, HARRIET G., GRUBB, WILSON, AND SIDBURY, JAMES B., JR.), Vascular complications of juvenile diabetes, 721

COLLIS, ROBERT, The Chief, 664

CONE, THOMAS E., JR., AND ABELSON, SOL M., Aplastic anemin following two days of chloramphenicol therapy, 340

COOKE, JEAN V., Familial white skin spotting (piebaldness) (''partial albinism'') with white forelock, 1

COPPLE, BERNARD I. (WITH GEPPERT, LEO J., BAKER, HINTON J., AND PULASKI, EDWIN J.), Pseudomonas infections in infants and children, 555

CORIELL, LEWIS (WITH SCOTT, T. F. MCNAIR, BLANK, HARVEY, AND BURGOON, C. F.), Some comments on herpetic infection in children with special emphasis on unusual clinical manifestations, 835

CUNNINGHAM, SHIRLEY C. (WITH ADAMS, FORREST H.), Further studies on the blood of children with cyanotic heart disease with special reference to the hemoglobin, 424

ZUELZER, WOLF W., Hemolytic anemias: mechanisms and diagnostic aspects, 479

SUBJECT INDEX*

A

Acute phase reactants, observations concerning certain: nephrotic syndrome in children (Kelley and Panos), 518
Adrenocorticotropic hormone in control of acute infantile bronchiolitis (Walker), 528
  treatment of nonedematous nephrotic child with (Kramer et al.), 792
Adrenogenital syndrome, diagnosis of, and its treatment with cortisone (Wilkins), 860
Alimentary tract, duplication of (Fox and Fowler), 194
American Board of Pediatrics, twenty years of (Editorial), 627
Anemia of premature infants (Reedy et al.), 25
  molybdenized ferrous sulfate (Mol-Iron) in treatment of (Tuttle and Etteldorf), 170
Anemias, hemolytic: mechanisms and diagnostic aspects (Zuelzer), 479
Antibiotics, successful treatment of C. diphtheriae acute bacterial endocarditis with (Deane and Hidey, Jr.), 473
Aplastic anemia following two days of chloramphenicol therapy (Cone, Jr., and Abelson), 340
Appendicitis, gangrenous, acute, in premature infant (Meyer), 343
Asthmatic child, what happens to (Editorial), 502

B

BCG vaccination (Blattner), 244
Bile ducts, congenital obliteration of, with particular reference to dietotherapy (Krahulik et al.), 774
Book Reviews:
  Advances in pediatrics (Levine, ed.), 501
  Allergic pruritus, its dermatologic management (Epstein), 501
  Congenital dysplasia of the hip joint and sequelae (Hart), 501
  Current therapy (Conn, ed.), 121
  Die zerebrale Angiographie (Krayenbuhl and Richter), 626
  Elements of statistics (Mode), 121
  Functional endocrinology from birth through adolescence (Talbot et al.), 625
  Infant and maternal care in New York City. A study of hospital facilities (Corwin), 624
  Rx for medical writing (Jordan and Shepard), 121
Book Reviews—Cont'd
  Standard values in blood (Albritton, ed.), 121
  Survey of clinical pediatrics (Slobody), 626
  Textbook of orthopedics (Howorth), 626
Breast feeding, problems in management of: nipple pain and nipple damage (Newton), 411
Bronchiectasis and bronchial obstruction complicating primary tuberculous infection (Hardy et al.), 740
Bronchiolitis, acute infantile, adrenocorticotropic hormone in control of (Walker), 528

C

Carbohydrate metabolism, physiology and disorders of (Najjar), 804
Carcinoma, primary, of liver in boy aged 20 months (Stone), 578
Cardio-chalasia in infancy (Davies), 467
Carob flour (Arobon), treatment of acute infantile diarrhea with (Abella), 182
Carotenemia of hypothyroidism (Josephs), 784
Cephalhematoma associated with fracture of skull (Kendall and Woloshin), 125
Cerebral palsy, psychologic evaluation of children with, and its implications in treatment (Miller and Rosenfeld), 613
  pathology in infants during sleep, electroencephalographic diagnosis of: rationale, technique, and characteristics of normal sleep in infants (Kellaway and Fox), 262
Chemical growth in infancy and childhood (Forbes), 202
Chloramphenicol, intravenous, in treatment of meningitis due to Hemophilus influenzae (type B) (Scott and Walcher), 442
  therapy, aplastic anemia following two days of (Cone, Jr., and Abelson), 340
Choledochal cyst (Dickinson and Spencer), 462
Cirrhosis, juvenile, of liver (Campbell), 582
Citrate feeding, further studies of effects of, on calcium, phosphorus, and citrate metabolism of rachitic infants (Harrison et al.), 756
Clinical Conference:
  Raymond Blank Memorial Hospital for Children: clinic on acute leukemia simulating rheumatic fever, 346; disseminated lupus

*July, pp. 1-124; August, pp. 125-250; September, pp. 251-376; October, pp. 377-504; November, pp. 505-630; December, pp. 631-874.

Clinical Conference—Cont'd
erythematosus simulating rheumatic fever, 349; hepatic cirrhosis, 354; ureterocele, duplication of kidney, and hydro-ureter, 360
Colonial America, infant feeding in (Caulfield), 673
Comments on Current Literature:
BCG vaccination, 244
effect of cortisone on experimental poliomyelitis infection, 369
immunity to smallpox, 499
surgical treatment for mitral stenosis, 622
tuberculosis, 117
Congenital heart disease:
congenital pulmonary stenosis without cyanosis (Galligan et al.), 562
functional aspects of congenital defects affecting left ventricle (Prec and Cassels), 451
further studies on blood of children with cyanotic heart disease with special reference to hemoglobin (Adams and Cunningham), 424
growth study of children with tetralogy of Fallot (Lund), 572
relationship of intracardiac pressures and electrocardiographic findings in cases of (Orme and Adams), 53
Convulsions, febrile (Peterman), 536
Cortisone, diagnosis of adrenogenital syndrome and its treatment with (Wilkins), 860
effect of, on experimental poliomyelitis infection (Blattner), 369
Cranial osteoporosis, congenital (craniotabes), further studies in: relationship to cranial molding and duration of labor (Boder), 305
Cretinism, deformity of vertebral bodies in (Evans), 705
Crippled children in United States (Editorial), 250
Cross-infections, hospital, and their control (Smith and Loosli), 844
Curd-forming properties of milk mixtures used in infant and child feeding, evaluation of (Spur and Wolman), 541
Cyanotic heart disease, further studies on blood of children with, with special reference to hemoglobin (Adams and Cunningham), 424

D

Diabetes, juvenile, vascular complications of (Guild et al.), 722
Diabetic acidosis, retention of water and electrolyte during recovery of patient with (Darrow and Pratt), 688
Dietotherapy, particular reference to, in congenital obliteration of bile ducts (Krahulik et al.), 774
Dormison, hypnotic effect of, in children (Malone et al.), 141
Duplication of alimentary tract (Fox and Fowler), 194

E

Editor's Column:
clinical picture and treatment of accidental iron poisoning, 122
crippled children in United States, 250
lobar emphysema in infancy, 502
maternity and neonatal hospital services in New York, 629
newer tests for polio, 247
polio and inoculations, 124
poliomyelitis and immunization, 249
prenatal sex determination, 375
prophylaxis of ophthalmia neonatorum, 374
twenty years of American Board of Pediatrics, 627
what happens to the asthmatic child? 502
Electroencephalographic diagnosis of cerebral pathology in infants during sleep. I. Rationale, technique, and characteristics of normal sleep in infants (Kellaway and Fox), 262
Emphysema, lobar, in infants and children (Fischer et al.), 403
Encephalitis virus, St. Louis, effect of pregnancy upon immunity of mice vaccinated against (Hodes), 766
Endocardial fibroelastosis (Adams and Katz), 141
Exfoliative dermatitis, infectious, acute, and impetigo of newborn infant (Lee et al.), 159

F

Familial white skin spotting (piebaldness) ("partial albinism") with white forelock (Cooke), 1
Feeding, infant, in colonial America (Caulfield), 673
polyethylene tubing, paraffin-tipped, for premature babies, infants, and children (Kunz), 84
in premature infants (Wagner et al.), 79
Folic acid antagonists, children with and without, treatment of acute leukemia in (Poncher et al.), 377
Friedländer pneumonia, chronic, in infancy (Holowach et al.), 430

G

Gantrisin and sulfadiazine, control of rheumatic fever recurrences with (Bundy et al.), 320
Gasoline fumes, addiction to inhalation of, in child (Faucett and Jensen), 364
Glomerulonephritis, acute, effects of magnesium sulfate on renal function in children with (Etteldorf and Tuttle), 524
renal function studies in (Rubin et al.), 823

Group therapy with parents: approach to rehabilitation of physically disabled children (Milman), 113
Growth study of children with tetralogy of Fallot (Lund), 572

H

Harriet Lane resident staff, first (1912-1913), picture of, 645
Heart, congenital malformations of: clinician's responsibility in selection of patients for operation (Taussig), 853
Hemolytic anemias: mechanisms and diagnostic aspects (Zuelzer), 479
Hemophilus influenzae (type B), meningitis due to, intravenous chloramphenicol in treatment of (Scott and Walcher), 442
Hepatic cirrhosis, clinic on (Raymond Blank Memorial Hospital for Children), 354
Hepatitis, infectious, during pregnancy, long-term follow-up study on (Hsia et al.), 13
Herpes simplex, cutaneous, generalized (Finberg and Easton), 188
Herpetic infection in children, some comments on, with special emphasis on unusual clinical manifestations (Scott et al.), 835
Hospital cross-infections and their control (Smith and Loosli), 844
Hyaluronidase inhibitor concentrations, nonspecific, in blood serum of siblings and parents of children with rheumatic fever; mucolytic enzyme systems (Adams et al.), 258
Hygroma colli, retropharyngeal tumor simulating angiomatous growth (Stadler et al.), 100
Hyperplasia, lymphoid, benign, of rectum (Barba, II), 328
Hypervitaminosis A (Goldzier et al.), 198
Hypothyroidism, carotenemia of (Josephs), 784

I

Impetigo and acute infectious exfoliative dermatitis of newborn infant (Ritter's disease) (Lee et al.), 159
Infancy, cardio-chalasia in (Davies), 467
  chronic Friedländer pneumonia in (Holowach et al.), 430
  lobar emphysema in (Editorial), 502
  vitamin D intoxication in (Ross), 815
Infant and child feeding, evaluation of curd-forming properties of milk mixtures used in (Spur and Wolman), 541
  feeding in colonial America (Caulfield), 673
Infants and children, lobar emphysema in (Fischer et al.), 403
Infants and children--Cont'd
  pseudomonas infections in (Geppert et al.), 555
  snapping thumb in (Bollinger and Fahey), 445
  electroencephalographic diagnosis of cerebral pathology in, during sleep (Kellaway and Fox), 262
  rachitic, further studies of effects of citrate feeding on calcium, phosphorus, and citrate metabolism of (Harrison et al.), 756
Infantile diarrhea, acute, treatment of, with carob flour (Arobon) (Abella), 182
Infarction, hemorrhagic, of kidneys in infants (Milburn), 133
Intracardiac pressures and electrocardiographic findings, relationship of, in cases of congenital heart disease (Orme and Adams), 53
Intoxication, vitamin D, in infancy (Ross), 815
Intraspinal tumors in children resembling anterior poliomyelitis (Chambers), 288
Intussusception, recurrent, of jejunum (Moeller and Moss), 587
Iron poisoning, accidental, clinical picture and treatment of (Editorial), 122

K

Kidneys, hemorrhagic infarction of, in infants (Milburn), 133

L

Lactobacillus acidophilus, addition of, to formula of newborn infants, effect on weight gain (Robinson and Thompson), 395
Leukemia, acute, in children, treatment of (Leikin et al.), 40
  with and without folic acid antagonists, treatment of (Poncher et al.), 377
  simulating rheumatic fever, clinic on (Raymond Blank Memorial Hospital for Children), 346
Listeria meningitis in premature infant (Line and Appleton), 97
Liver, juvenile cirrhosis of (Campbell), 582
  primary carcinoma of, in boy aged 20 months (Stone), 578
Lobar emphysema in infancy (Editorial), 502
Lupus erythematosus, disseminated, simulating rheumatic fever, clinic on (Raymond Blank Memorial Hospital for Children), 349

M

Magnesium sulfate, effects of, on renal function in children with acute glomerulonephritis (Etteldorf and Tuttle), 524

Malformation, congenital, of heart: clinician's responsibility in selection of patients for operation (Taussig), 853
Maternity and neonatal hospital services in New York (Editorial), 629
Medical Progress:
chemical growth in infancy and childhood (Forbes), 202
hemolytic anemias: mechanisms and diagnostic aspects (Zuelzer), 479
mycotic diseases in pediatric practice (Haley), 104
newborn infant (Parmelee), 591
Meningitis due to Hemophilus influenzae (type B), intravenous chloramphenicol in treatment of (Scott and Walcher), 442
Migraine in children (Michael and Williams), 18
Mitral stenosis, surgical treatment for (Blattner), 622
Molybdenized ferrous sulfate (Mol-Iron) in treatment of anemia of premature infants (Tuttle and Etteldorf), 170
Mortality rates, premature infant, in United States, factors associated with reduction of (Dunham), 696
Mucolytic enzyme systems: nonspecific hyaluronidase inhibitor concentrations in blood serum of siblings and parents of children with rheumatic fever (Adams et al.), 258
Mycotic diseases in pediatric practice (Haley), 104

N

Nephrotic child, nonedematous, treatment of, with ACTH (Kramer et al.), 792
syndrome in children: clinical response to nitrogen mustard therapy (Kelley and Panos), 505
observations concerning certain acute phase reactants (Kelley and Panos), 518
Newborn infant (Parmelee), 591
effect on weight gain of addition of Lactobacillus acidophilus to formula of (Robinson and Thompson), 395
impetigo and acute infectious exfoliative dermatitis of (Lee et al.), 159
Staphylococcus aureus infections in (Feldman and Annunziata), 399
News and notes, 119, 246, 372, 501, 624
Nipple pain and nipple damage: problems in management of breast feeding (Newton), 411
Nitrogen mustard therapy, clinical response to: nephrotic syndrome in children (Kelley and Panos), 505

O

Ophthalmia neonatorum, prophylaxis of (Editorial), 374
Osteogenesis imperfecta congenita: connective tissue diathesis (Follis, Jr.), 712
Osteomyelitis due to Salmonella infection (Giaccai and Idriss), 73

P

Park, Edwards A., Festschrift, 631-874
as teacher (Schwentker), 637
bibliography of, 669
childhood days (Marion E. Park), 660
cooperative research experiences with (McCollum), 646
presentation of Kober Medal to (Gamble), 641
The Chief (Collis), 664
Yale Professor 1921-1927 (Powers), 651
Piebaldness, familial white skin spotting with white forelock (Cooke), 1
Pneumomediastinum (mediastinal emphysema) in premature infant (Effron), 94
Poisoning, iron, accidental, clinical picture and treatment of (Editorial), 122
Poliomyelitis and immunization (Editorial), 249
and inoculations (Editorial), 124
anterior, intraspinal tumors in children resembling (Chambers), 288
bulbar, persistent sequelae of (Lueck et al.), 549
infection, experimental, effect of cortisone on (Blattner), 369
newer tests for (Editorial), 247
Pollen, optimum dose of, in treatment of pollinosis of children (Levin), 294
Pollinosis, optimum dose of pollen in treatment of (Levin), 294
Polyethylene tube feeding in premature infants (Wagner et al.), 79
tubing, paraffin-tipped, for feeding of premature babies, infants, and children (Kunz), 84
Polymyxin B in Pseudomonas and Proteus enteritis (Walker), 176
Postural and righting responses in children (Silver), 493
Pregnancy, effect of, upon immunity of mice vaccinated against St. Louis encephalitis virus (Hodes), 766
Premature infant, acute gangrenous appendicitis in (Meyer), 343
anemia of (Reedy et al.), 25
molybdenized ferrous sulfate (Mol-Iron) in treatment of (Tuttle and Etteldorf), 170
congenital hypertrophic pyloric stenosis in (Schwartz et al.), 192
Listeria meningitis in (Line and Appleton), 97
mortality rates in United States, factors associated with reduction of (Dunham), 696

Premature infant—Cont'd
pneumomediastinum (mediastinal emphysema) in (Effron), 94
polyethylene tube feeding in (Wagner et al.), 79
paraffin-tipped, for feeding of (Kunz), 84
nursery, reduction of mortality in: incidence and causes of prematurity: ethnic, socioeconomic and obstetric factors (Bloch et al.), 300
Prenatal sex determination (Editorial), 375
Preschool child, everyday problems of (Black), 233
Proteus and pseudomonas enteritis, polymyxin B in (Walker), 176
Pseudomonas and proteus enteritis, polymyxin B in (Walker), 176
infections in infants and children (Geppert et al.), 555
Psychologic Aspects of Pediatrics:
addiction to inhalation of gasoline fumes in child (Faucett and Jensen), 364
everyday problems of preschool child (Black), 233
group therapy with parents: approach to rehabilitation of physically disabled children (Milman), 113
postural and righting responses in children (Silver), 493
psychologic evaluation of children with cerebral palsy and its implications in treatment (Miller and Rosenfeld), 613
Pyloric stenosis, hypertrophic, congenital, diagnosis and management of (Rheinlander and Swenson), 314
in small premature infant (Schwartz et al.), 192

R

Rachitic infants, further studies of effects of citrate feeding on calcium, phosphorus, and citrate metabolism of (Harrison et al.), 756
Rectum, benign lymphoid hyperplasia of (Barba, II), 328
Renal function in children with acute glomerulonephritis, effects of magnesium sulfate on (Etteldorf and Tuttle), 524
studies in acute glomerulonephritis in children (Rubin et al.), 823
Residents, pediatric, training program for, in child development and guidance (Luzzatti et al.), 86
Rheumatic children, Wetzel grid analysis of (Kahn et al.), 47
fever recurrences, control of, with sulfadiazine and Gantrisin (Bundy et al.), 320
Rheumatic fever—Cont'd
siblings and parents of children with, nonspecific hyaluronidase inhibitor concentrations in blood serum of; mucolytic enzyme systems (Adams et al.), 258

S

St. Louis encephalitis virus, effect of pregnancy upon immunity of mice vaccinated against (Hodes), 766
Salmonella infection, osteomyelitis due to (Ginccai and Idriss), 73
Sex determination, prenatal (Editorial), 375
Sexual precocity, true, constitutional (Walker), 251
Skull, fracture of, cephalhematoma associated with (Kendall and Woloshin), 125
Smallpox, immunity to (Blattner), 499
Snapping thumb in infants and children (Bollinger and Fahey), 445
Staphylococcus aureus infections in newborn infant (Feldman and Annunziata), 399
Stenosis, pulmonary, congenital, with cyanosis (Galligan et al.), 562
Sulfadiazine and Gantrisin, control of rheumatic fever recurrences with (Bundy et al.), 320

T

Training program for pediatric residents in child development and guidance (Luzzatti et al.), 86
Tuberculosis (Blattner), 117
Tuberculous infection, primary, bronchial obstruction and bronchiectasis complicating (Hardy et al.), 740

U

Ureterocele, duplication of kidney, and hydro-ureter, clinic on (Raymond Blank Memorial Hospital for Children), 360

V

Vascular complications of juvenile diabetes (Guild et al.), 721
Vitamin D intoxication in infancy (Ross), 815

W

Weight gain, effect on, of addition of Lactobacillus acidophilus to formula of newborn infants (Robinson and Thompson), 395
Wetzel grid analysis of rheumatic children (Kahn et al.), 47
